EFFECTIVE  
AGAINST  
BACTERIA &  
VIRUSES

## CLINELL HAND SANITISING LIQUID

### Unique liquid based formula

Specifically designed for use within the healthcare sector to kill germs and instantly sanitise hands.

### Dermatologically tested

The hand sanitising liquids contain moisturiser to promote healthy, soft skin.

### Available in 2 spray bottle sizes

The 60ml liquids small and convenient size makes it ideal for carrying with you at all times – at home, in the office, in your car, in your handbag or when travelling. Also available in a large 520ml pump dispenser.

### Cleans and refreshes

With natural extracts of aloe vera.

# HAND SANITISING LIQUIDS

Sanitising liquids with unique formula for instantly disinfecting hands without the need for soap and water. Containing a unique blend of 75% alcohol and moisturiser providing a superior level of effectiveness against germs without drying hands out.

## HOW TO CLEAN HANDS EFFECTIVELY

1. Squirt into the palm of the hand.

2. Rub hands palm to palm.

3. Rub back of each hand with the palm of other hand with fingers interlaced.

4. Rub with backs of fingers to opposing palms with fingers interlocked.

5. Rub palm to palm with fingers interlaced.

6. Rub each thumb with the other hand, in a circle.

7. Rub tips of fingers in opposite palm in a circular motion.

8. Rub each wrist with opposite hand. Leave to air dry.

Clinell Hand Sanitising Liquids contain a unique blend of 75% alcohol and additional moisturisers, providing a superior level of effectiveness against germs. The liquid based formulation is easy to apply and helps to prevent hands from feeling sticky after application. Provides hand disinfection when soap and water is unavailable.

The formulation contains glycerin and aloe vera which helps to moisturise and condition the skin, preventing dry, cracked hands often associated with other alcohol hand sanitisers, leaving your hands feeling naturally refreshed.
